This organizational chart shows the administrative chain of command within the College of Engineering (COE) and University in gray. The COE academic chain of command is shown in green.
This organizational chart shows the chain of command and duties within the Office of Student Development and Success (OSDS) in the College of Engineering (COE).

OSDS instructors teach ENGR/ETGR 1201 (Introduction to Engineering and Engineering Technology) for freshmen, as well as professional development coursework for juniors and seniors. The Industrial Solutions Laboratory (ISL) which supports Senior Design as an industry liaison, is also located within OSDS.

**KEY**

*MAPS = Maximizing Academic and Professional Success
**FLC = Freshman Learning Community*
